OFFICIAL

Dear Sirs ,

Thank you for the precise examination of the patent I require from your office,
and all my apologies to be so late to answer .

The principal reason of that was a surgical cancer operation I had to support
and which obliged me to be out of my office during a long time.
Being now an independant researcher and working alone, nobody informed me
concerning the reply period of 2 months you required on your letter dated of
10.06.2003 !

Above that, my attention was diverted due to *a first false reply of your office* I
am joining (doc 1), informing me of your acceptance of the patent and after
that, unfortunately I thought the next letters, I received from my attorney, were
concerning Europe and I classified them in standby...

As a first proof of my intention to quickly reply to your examination, may I
join herewith a first draft (doc 2) of my reply to your specif N° 3 and may I
ask you the benefit of a prolongation for my reply, you would be so
comprehensive to allow.

With my best thanks again, I remain truly yours.
